

FMOL Health

Who We Are. This Is How We Healthcare.

For more than a century, our health system has cared for communities across Louisiana — and more recently, Mississippi — combining trusted local relationships with regional strength.

FMOL Health is the leading Catholic health system in the Gulf South, uniting Our Lady of the Lake, Our Lady of Lourdes, St. Dominic and St. Francis under one shared purpose: to deliver the best care possible — where excellence meets empathy, and every person feels seen and understood.

Our hospitals and clinics keep their legacy names, honoring the people and traditions that built them, while FMOL Health reflects a bold, connected system — defined by action, compassion and excellence. Together, we're setting a higher standard for what healthcare can be: locally grounded, regionally strong and rooted in faith.
